

AUTO TOURISTS START FROM INDIANAPOLIS ON THE CROSS-CONTINENT TOUR TO COAST

INDIANAPOLIS, July 1.—Twenty-two automobiles carrying 100 or more persons started from here this afternoon for a tour of the Pacific coast in support of the proposed Lincoln transcontinental highway. They expect to reach Los Angeles August 2. The route is 3575 miles.

It is not known what route the party will take through Nevada, and it remains an open question whether they will go through Tonopah or take the northern route from Ely via Eureka and Fallon.

GOMPERS SPRINGS SCANDAL

ALLEGES MANUFACTURERS ENDEAVORED TO BRIBE HIM TO RESIGN FROM OFFICE.

(By Associated Press.) WASHINGTON, July 1.—Disclosures are expected as a result of the charges contained in Martin Mulhall's accusations concerning lobbyist activities in creating great interest in the reopening tomorrow of the senate investigation and promise the most important development of recent years in the congressional inquiry.

Scores of labor leaders are present and former congressmen and others have asked for a hearing before the committee.

Samuel Gompers has made public a detailed report which confirms Mulhall's story of the attempted bribery of the labor leader. The statement is a report Gompers prepared in 1907 after his experience with Broughton Brandenburg, now a convict in Sing Sing who told Gompers he was employed by the National Association of Manufacturers and asked the latter to sign a "confession," and then resign, crippling the federation of labor by his retirement and the exposure of other leaders. Brandenburg said he would guarantee that the association would make Gompers "financially safe the rest of your life."

SAN FRANCISCO, July 1.—John Kirby, Jr., and David M. Harry, former presidents of the National Association of Manufacturers, cancelled today reservation for Australia just before the Ventura sailed. They said they would go to Washington to testify before the senate lobby committee.

DECORATE HOMES WITH THE FLAG OF THE FREE

IF YOU WANT A FLAG FOR THE FOURTH YOU MUST COME EARLY TO BONANZA.

Only a few more of the beautiful flags remain at the Bonanza office, and if you want to see one floating over your house on the national holiday it behooves you to get busy and trek down to this office. The supply is limited and there cannot be any more brought in for the big festival.

If you do not have a flag displayed you will find yourself an exception to the rule, judging from the way the flags have been going the last few days.

MRS. NELSON SUCCUMBS AFTER HUSBAND LEAVES

Just a few moments after her husband left home to go to his work, Emily J. Coffin, wife of Nelson Coffin, of 146 Mill street, dropped dead. Her body was found in the kitchen of her home by Mrs. S. J. Gilman, her mother, who lives in the house adjoining. Mrs. Coffin had been subject to chronic heart failure and fainting spells.—Reno Gazette.

Today's Vote.

ELKS INFORMAL DANCE.

Tonopah lodge B. P. O. E. will give an informal dance at their hall tomorrow evening, July 2. Members have the privilege of inviting their friends who do not belong to the order. Refreshments will be served.

NO HOME RULE BE ALLOWED CHICAGO VOTERS

GOVERNOR DUNN ELIMINATES CIVIC FEATURES FROM PUBLIC UTILITIES BILL.

(By Associated Press.) SPRINGFIELD, Ill., July 1.—Governor Dunn has signed the public utilities bill shorn of the home rule features, thus depriving Chicago of the control of public utilities and placing them in the hands of a commission of five to be appointed by the governor. He vetoed the bill that proposed to give Chicago control of its parks now controlled by the state.

PYTHIAN SMOKER A BIG SUCCESS AT THEIR HALL

LOCAL MEMBERS ENTERTAIN A VISITOR AND HOLD ANOTHER TONIGHT.

Tonopah Knights of Pythias held a rousing smoker last evening at their hall and did not adjourn until close to midnight when all went away voting they had the best time of their lives. The guest of the evening was Lloyd T. King, superintendent of the insurance department, who came here for the purpose of improving his acquaintance with the boys in this part of the state. He was to meet Charles S. Davis, supreme representative and head of the insurance department from Denver, but the meeting was disappointed owing to Mr. Davis having failed to make connection at Hagen. He arrived this morning and a special meeting will be held at Knights of Columbus hall this evening.

Addresses were delivered by Past Grand Chancellors Booth and Ziegler. Lloyd T. King spoke on "Pythianism and Insurance," and Brother Hanning read the story of his trip through Alaska. Billy Walker recounted a number of humorous incidents touching up the local bunch and then after musical selections refreshments were served.

"The Knights of Pythias are going ahead rapidly," said Mr. Davis at the Mizpah hotel, "and we are contemplating introducing our order in England. We are also making every effort to extend the benefits of the order in the western states where the mortality is lighter and the general age of applicants is lower than in the east. In Nevada we have paid out \$333,000 since 1877 and have 1600 members enrolled. Forty thousand dollars of money belonging to the order is invested in Nevada securities and we have more when ever it is needed. The total membership of the order is now 735,000 and the insurance branch has 73,000 with an insurance of \$100,000,000 in force all on the legal reserve basis. To secure this we have over \$5,000,000 invested in gold edge securities."

GATUN WASHED BY WAVES OF ATLANTIC

(By Associated Press.) PANAMA, July 1.—The large low-er gates at Gatun are being put to the actual test of full pressure for the first time. The Atlantic waters have been allowed to flow in gradually against the gates, and they reached the sea level yesterday afternoon.

It's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

Forty Durango Ladies Commit Suicide

Driven to Desperation by Excesses of Rebels

JUNE WEATHER REPORT SHOWS COLD AND RAIN

COLDEST MONTH IN YEARS AND WETTEST SINCE STATION OPENED.

The monthly meteorological summary compiled by Observer Piercy for June contains some most interesting facts for the consolation of everybody who sympathizes with the heat sufferers of the east. In the first place June was the coolest since 1907 when the mean average temperature was 59. This year the reading showed a mean of 61, against 65 for the same month last year, 65 for 1911, and 68 for 1910. This gives the camp an average daily excess of .08. The maximum for last month for seven years was 91 and the minimum for the same period 26.

Total precipitation for June was .79 without any snowfall. The greatest moisture was recorded as .55 of an inch on the night of the 26th. The rainfall was the greatest in the history of the station where the records show previous years credited with .02 of an inch in 1912, .10 in 1911, nothing in 1910, .15 in 1909, a trace in 1908, and .58 in 1907. Normal for June is .44. The total precipitation from September 1, 1912, was 4.79 compared with 9.45 for the normal.

The prevailing direction of wind was from the west with a maximum velocity on the 11th, when 36 miles was registered for a period of five minutes.

CHICAGO HEAT CONDITIONS ABATED BY SHOWERS

(By Associated Press.) CHICAGO, July 1.—A north wind and showers today relieved the heat conditions. The total death list is 50.

SATURDAY A HOLIDAY.

SAN FRANCISCO, July 1.—Dr. Lauro Muller, special ambassador of Brazil formally accepted today the Brazilian site of the Panama Pacific exposition with military ceremonies.

(By Associated Press.) SACRAMENTO, July 1.—The governor today issued a proclamation making next Saturday a holiday. He said requests were received from many sources.

Committees Close Details For a Patriotic Fourth

The Fourth of July parade promises to be one of the finest ever. Mrs. Jules Smith has consented to act as marshal of the day and she will be accompanied by ten young ladies mounted on horseback. Every child in town will have some place in the parade, either on floats or in groups. Several organizations have notified the committee that they would take part in the parade. Prizes of \$25 for the best float and \$15 for the best auto have been offered and other prizes for go-carts, doll buggies, burro teams, etc.

The boys' sports are to be most entertaining. There will be hurdle races, obstacle races, dashes, etc., as well as a few novelties that the committee is sure will appeal to everyone—among them, a hat trimming contest and everybody who has an old hat or trimmings is requested to bring them to the library. The boys will be given the hats they make and they will be just the thing to wear in the evening at the carnival. A prize will be given to the boy who trims the best hat.

Don't forget the fireworks in the evening. They will be worth seeing and will be set off as soon after eight as possible. Everybody come in costume to the street carnival at 10 o'clock.

The fifth will be occupied by the drilling contest, the baseball game, a shooting contest at the gun club and a dance in the evening. Two

Foreign Flags Not Respected and No Relief Is In Sight

MEXICO CITY, July 1.—Forty women, most of them of the better class, committed suicide in Durango since the occupation last week by rebels, according to private advices received here. They became desperate because of the treatment by the rebels.

Consular advices say the rebels acted like bandits, burning a large part of the business section, besides looting and indulging in wild excesses.

Foreign flags were not respected. A few American citizens were wounded, and one Englishman was killed during the fighting.

The government is preparing to send troops for relief, but it will be many days before they can reach there.

UMATILLA HELD BY ZADIG

HALL MEN SAY THE FIGHT HAS ONLY BEGUN AND THAT THEY HOLD CARDS.

Advices from San Francisco this morning stated that the Zadig forces won out in the contest for control of Umatilla Tonopah Mining company with the following result: President, Herman Zadig; secretary, C. D. Olney; directors, S. D. Landecker, R. C. Colburn and E. P. Barrett.

This amounts to a complete victory for the San Francisco organizer and a crushing defeat for the Hall faction of Pittsburgh which claimed the previous election. At that time the Zadig forces ruled that none but registered stock was entitled to representation and threw out what the Hall forces contended was a majority of the stock. This morning the Hall men say they were there with the bells and every technically satisfied, but that they were not allowed to have a voice in the meeting.

SENTENCED TO HANG.

(By Associated Press.) SACRAMENTO, July 1.—Samuel Swearingen, a Folsom convict accused of assaulting a fellow prisoner was sentenced today to hang at San Quentin September 15. He was originally sentenced for the murder of an aged woman in Amador county.

BRAZIL ACCEPTS SITE.

(By Associated Press.) SAN FRANCISCO, July 1.—Dr. Lauro Muller, special ambassador of Brazil formally accepted today the Brazilian site of the Panama Pacific exposition with military ceremonies.

RECEIVER SIGNS; DEPOSITORS PAID

(By Associated Press.) OAKLAND, July 1.—The resignation of Henry M. Morris as national bank examiner for the district of San Francisco and receiver for the defunct Union National bank since its failure in April, 1908, has been accepted by Acting Controller of the Currency T. P. Kane at Washington. The depositors were paid in full.

VICE PRESIDENT FINDS HOUSE HUNTING DIFFICULT

(By Associated Press.) WASHINGTON, July 1.—Vice President and Mrs. Marshall are tired of the glare and glitter of one of Washington's fashionable hotels and now are looking about for a house.

RAPID HOUSE MOVING BY AUTO TRUCK ESTABLISHES A RECORD IN THE BUSINESS BY BANISHING TIME HONORED MULES

House moving has been reduced to a science in this section of the state. For months it has been a common spectacle to see cabins, cottages and even some pretentious residences brought over from Goldfield behind a score or two of horses and mules but this style of doing business is not progressive enough for the quick moving citizens of Tonopah. Here the auto truck does most of the moving and with such celerity that it is almost impossible to beat the game.

Yesterday the employees of the West End Mining company gave a practical exhibition of what they could do in a brief space of time. They began tearing a house loose from its anchorage at the dump on South street at seven o'clock in the morning. At noon the men had it out in the street and half way on a triangular house moving float. Just after dinner a five ton Pierce Arrow auto truck hooked on and the whole shooting match started down Broadway with the ease of a boy flying a kite on a windy day. Of course it was a down hill haul but that did not cut any figure as the truck had to keep holding back all the way down to Main street. The job was in charge of Louis Pleisinger, chief carpenter of the West End, and all the helpers had to do was to look out for overhead wires and watch for obstructions on the roadway. The turn on Main street

was taken with as much ease as though the huge truck was going it alone and then the course was set for Florence avenue where a lot had been secured for the building.

At the junction of Florence avenue and Main street where the Goldfield road enters the business district, a rival outfit was encountered. A freighter blocked the road with a pretty white cottage in process of changing its base from the gold camp to the silver settlement. This outfit was in charge of Chris Larson and his crew and was hauled by ten spans of animals. They left Goldfield Sunday evening and covered the twenty-five miles of rough road in short order. The house contained three rooms and it was jacked up in place and ready for occupancy at supper time last night.

The Tonopah movers, with their more modern outfit, took the hill and raced east at a rate of ten miles an hour so the job was completed before dark.

It rarely happens that two combinations of this character are seen on Main street at the same time and the event proved quite an attraction for men lounging around between shifts. The West End dump is growing so rapidly that the company has had to invade Chinatown and take up the surface rights for future expansion. The few houses remaining around the dump will have to go eventually and the occupants are ready for the heave.

DENIED HIS NAME WHEN ARRESTED ON THE TRAIN

GOLDFIELD NEGRO GETS PULLMAN PORTERS TO SAY HIS NAME WAS WILLIAMS.

Deputy Chief of Police Peck returned from Hazen this morning with Joe Bradford in tow as a prisoner. The suspect was accompanied by two colored women who protested against the arrest and the prisoner stoutly asserted his name was Williams and not Bradford. To sustain his claim he got two colored porters of the Pullman service to swear they knew him by that name, but Peck quietly searched the man and produced a bunch of letters from an inside pocket addressed to "Joe Bradford."

Only three dollars was found on the prisoner, who insisted that he was innocent of the robbery but wilted when told Yee Chang, the victim, saw him take the money. The robbery was committed while Bradford was visiting the place under pretext of buying yen shee. When Yee was busy procuring the article from its hiding place the negro quietly took the wallet and left the store.

PLAYING ON LUMBER THAT IS CARELESSLY PILED SHE FALLS TO DEATH.

Little Lenore Gertrude Walsh was killed yesterday noon while at play on a lumber pile in the Verdi Lumber company's yard. The child had waded to the lumber yard and had climbed up on the pile when suddenly she fell from it.

Mrs. Mary Symonds' little girl had been playing with Lenore but a moment before and just barely escaped herself. Her shrieks called Mrs. Richards, who lives near by, to the scene, and Lenore was carried still breathing, to Mrs. Richards' porch, where she died almost instantly.

Dr. McCarthy was summoned but the child was dead before he could reach her. The little girl came to her death from a fracture or dislocation of the neck, caused by falling lumber piled in the lumber yard of the Verdi company.

Lenore was the daughter of Thomas W. Walsh and his wife, who before her marriage was Miss Edna G. Madden. She was born in Goldfield and was five years, eleven months and twelve days old. The funeral will take place Wednesday and will be conducted by Father Flynn of Tonopah.—Tribune.

TEMPERATURE REPORT AND GOLDFIELD RAILROAD COMPANY

Highest temperature 88°
Lowest temperature 68°
